

AUBURN SCHOOL DISTRICT UNIT #10

To: The parents/guardians of new/transfer students
From: Auburn High School

According to State of Illinois law, the "School Duties" section of the "Charities and Public Welfare" statute requires that the person enrolling a student in school must supply Auburn High School with a certified copy of that student's birth certificate within 30 days of enrollment. If the certified copy of a birth certificate is not supplied, the local police, by law, must be notified by the school.

I have read the above and realize that I must supply the required certified copy(s) of the birth certificate(s) within 30 days of the date.
